Dear [Redacted]

I would like to point your attention to the following [Redacted] video, in light of the [Redacted] terms of service.

[Redacted] B

The channel is [Redacted] A

The video contains songs with texts (in Dutch language) addressed to various Dutch politicians, such as:

Je wordt kapotgeschoten	You will be shot
Als ik jou tegenkom schiet ik je door je kop	If I meet you, I will shoot you through the head
Ik zal jullie steken en opeten	I will stab you and eat you
Fuck de overheid	Fuck the government
De Tweede Kamer wordt opgeblazen	The parliament building will be blown up
Ik loop de Tweede Kamer in en ontplof met C-4 op mijn lichaam	I will walk into the parliament building with C-4 on my body
Als ik jou tegenkom zal ik jou doodmaken	If I meet you I will kill you
Ik zal je lichaam in stukken hakken	I will cut your body into pieces.

And so forth. The person who has composed these songs has been criminally prosecuted for this in the Netherlands.

Best regards
