Dear Mrs. Malmström,

With reference to the letter the Permanent Representation of Romania to the EU received in February 2012, with regard to the statistical data related to the implementation of the Data Retention Directive and by which you have requested an evaluation of whether and if so to what extent the absence of data retention affects the efficiency and effectiveness of criminal investigations and prosecutions, I hereby enclose the response of the Romanian authorities.

Please be assured, dear Mrs. Malmström, of my entire consideration.

Yours sincerely,

Mihnea MOTOC
